

Bleakhouse Junior School Charging and Remission Policy.

There are no charges made for any aspect of the National Curriculum taught as part of the normal school timetable. This normally includes swimming and music. Individual musical instrument tuition incurs a charge, currently £30 per term. Clubs that are led by external agencies may incur a cost of a minimum of 50p per session.

We do, however ask for a voluntary contribution for any educational visits during the school day for curriculum study but this is heavily subsidised by the school. For residential visits at Sandwell Centres attended during the school week, a set charge is made. A charge of 10p per sheet is charged for any information requested that is not available to the public at large. A paper copy of information available on the website will be provided free of charge to Parents who request it. Should a debt of £20 dinner money be accrued children will be asked to bring sandwiches for lunch.
